Baba Saheb Ambedkar Education University

(Erstwhile The West Bengal University of Teachers' Training, Education Planning and Administration)

25/2 & 25/3, Ballygunge Circular Road, Kolkata - 700019

REF No: BSAEU/COE/0285/2026 **Date: 25.11.2026**

NOTICE

Clarification regarding Later date of Publication of Results of Supplementary Examinations of Lower Semesters vis-à-vis Regular 4th Semester (Final Semester) Examination in M.Ed. under the Baba Saheb Ambedkar Education University (erstwhile The West Bengal University of Teachers' Training, Education Planning and Administration)

This is to inform all concerned that it is possible that the results of the supplementary examinations of any lower semester have been published on a later date as compared to the results of the regular 4th Semester (Final Semester) Examination of the Two-Year M.Ed. Programme of the Baba Saheb Ambedkar Education University (erstwhile The West Bengal University of Teachers' Training, Education Planning and Administration) on specific cases.

As per the regulations of the Two-Year M.Ed. Programme in West Bengal following NCTE Regulations, 2014 which is followed by the Baba Saheb Ambedkar Education University (erstwhile The West Bengal University of Teachers' Training, Education Planning and Administration):

- Spot evaluation procedures are followed for examining the theory courses of every semester.
- Provisions exist for maximum two supplementary examinations, for enrolled regular candidates with respect to a particular semester examination, in case of failure to secure pass marks or inability to appear in that regular semester examination (even after examination form fill-up) due to unforeseen situations. If a candidate is even unsuccessful in the Supplementary-I examination after being unable to clear the corresponding regular semester examination, one more chance is given to that candidate as Supplementary-II examination (with respect to that regular semester examination) which is held along with the corresponding regular semester examinations in the next session.

- Engagement with the Field/Practicum paper supplementary examinations are also held likewise, with previous theory marks being carried over.
- A candidate must clear all back papers within the stipulated period (three academic years from admission, or overall within six consecutive chances), and final result of the programme makes that Registered candidate of the University eligible for the M.Ed. Degree.
- In view of the above, supplementary examinations of lower semesters are held in combination with higher/regular semester examinations (including the 4th semester). The regular 4th Semester, being the final semester with no following semester, has its results processed and published on priority after evaluation to facilitate declaration of the final result of the M.Ed. programme. But, the evaluation, tabulation, and processing of lower-semester supplementary results are aligned with the overall schedule which may result in publication of such supplementary examinations' results of a candidate on later dates than the publication date of the 4th semester (Final semester) examinations.
- In such cases, where candidates pass lower semester supplementary examinations on later dates than the publication date of the regular 4th Semester Examinations of a particular session get the 4th semester (Final semester) grade card with an earlier date of result publication (which depicts that the candidate has passed that 4th semester examination) than the supplementary examination's date of result publication.
- Every individual candidate will be considered to become eligible for the M.Ed. degree under this University on the date he/she clears all the semester examinations (including all the Supplementary examination(s), as applicable to the candidate).

All concerned are requested to take note of the above and be guided accordingly. From now on, no separate certificate in this regard will be issued from this office unless otherwise directed by the competent authorities under valid grounds.
