NOTICE

04.07.2024

It has come to the notice of the University that, on publication of the renewal notice of Affiliation for 2024, 6 number of college owners who could not qualify for affiliation in 2023 for their failure to meet up the deficiencies so pointed out, rolled back to their old game plan of maligning the University by making unfounded, false and frivolous allegations, directed at personal character assassination of the University officials purely in their personal interest.

Through unsigned press note made under the name of one unregistered organisation, these persons, have not only made false allegations against the University officials but also insulted all other colleges by co-relating them in the False allegations.

The University wants all the 601 Self-Financed colleges to get their affiliation and slot have been kept in the Affiliation process of 2024 for the handful of colleges who could not qualify in the last session. Instead of taking this opportunity, they have now resorted to maligning the University through false allegations. The University is going to take appropriate legal action against the miscreants. The rest of the colleges are requested to be constructive in their approach and not fall in trap of these persons who are working purely for furthering their personal interest through corrupt practices. The colleges are once again asked to fulfil all the NCTE set standards and apply in the Affiliation link that will be given to them as per our earlier notice.
